SENSATION IN SENATE

South Carolina Senators Bring Their
Trunks Before That Body.

LIVELY TIMES HAD.

McLaurin Scored What He Calls the
New Democratic Party and Till-
man Challenged Him to Re-
sign With Him Now.

Washington, Dec. 10.—The senate
chamber was the scene of a highly dra-
matic episode Monday afternoon when
Senator Tillman of South Carolina
challenged his colleague, Senator Mc-
Laurin, to resign with him on the spot
in order, to use his own language, that
they might be able "to wash their
linen at home." Mr. McLaurin did not
take up the gauge. The incident was
the sequel of the very bitter contro-
versy which arose between the sena-
tors in South Carolina last spring.

Mr. McLaurin arose to a question of
personal privilege and proceeded to ex-
plain what he charged was a con-
spiracy to discredit him in his own
state for acts and views which did not
meet the approval of certain Demo-

JOHN LOWNDES M'LAURIN.

cratic leaders. He declared that he
was being humiliated, and according
to public prints was to be excluded
from the Democratic caucus because
he had acted upon certain public is-
sues in a way which he considered for
the best interests of the country and
of the people of his state. He an-
nounced himself a believer in the old
Democracy, and after denouncing the
new Democracy leaders who, he said,
had brought destruction upon the
party, declared that he could not be
driven from his old allegiance into a
party with which he did not care to
affiliate.

Senator Jones, chairman of the Demo-
cratic national committee, denied that
he had any "ulterior motives" in in-
viting Mr. McLaurin to enter the
caucus. Mr. Tillman reviewed the
whole controversy. Mr. Hoar took oc-
casion to express the opinion that it
was very doubtful whether both the
South Carolina seats were not in
vacant. He contended that
the resignations were offered last
to the governor they could not
be withdrawn thereafter, having be-
come operative. The cli-
max when Senator Tillman chal-
lenged Mr. McLaurin to join him in
their joint resignations and
bring them to the presiding officer
of the senate. This challenge Mr. Mc-
Laurin did not accept, and the episode
ended with an abrupt close by Sen-
ator McLaurin moving an executive ses-
sion of the senate.

Senator Jones offered a
resolution to authorize the president
to negotiate with other
countries.

sented a joint resolution for a consti-
tutional amendment to cure the defect.
The presentation of the resolution
provoked some discussion, and Mr.
Teller of Colorado expressed the opin-
ion that no constitutional amendment
was necessary.

A joint resolution was passed appro-
priating \$75,000 in aid of the South
Carolina Interstate and West Indian
exposition at Charleston. The appro-
priation is required to be used for the
transportation and installation of a
government exhibit at Charleston.

CATHOLIC FEDERATION.

Held a Conference on the Constitution to
Be Introduced.

Cincinnati, Dec. 10.—The first con-
vention of the American Federation of
Catholic societies convened today with
about 500 delegates present, represent-
ing an estimated aggregate of about
600,000 membership of co-operating so-
cieties. Officers of the federation and
of different societies continued their
conferences today over the construction
of the constitution that would be ac-
ceptable to all societies. At 8 a. m., a
parade consisting of local societies act-
ing as an escort for the delegates for
visiting prelates, proceeded from the
headquarters of the federation at the
Grand hotel to the cathedral, where
Father Qualman was master of cere-
monies and Bishop Horstman, of Cleve-
land celebrated mass. The opening
sermon being delivered by Dr. Lavelle,
pastor of the cathedral in New York.
Archbishop Elder presided on the
throne with the visiting bishops in the
sanctuary. The delegates proceeded di-
rect from the Cathedral to the auditor-
ium where Anthony Matre, president
of the Cincinnati federation, introduc-
ed those making welcoming addresses,
as follows:

Governor Nash on the part of Ohio;
Mayor Fleischmann, on part of Cincin-
nati, and President T. B. Menahan of
Columbus, on the part of the Ohio Fed-
eration.

President Fries and Judge Thomas
W. Fitzgerald, of New York, vice
president of the federation, responded
to the addresses of welcome, after
which the convention proceeded with
its business in executive session.

NOW IS THE TIME.

Mr. Redmond Says It Is Time Now to
Strike a Blow for Ireland.

New York, Dec. 10.—A telegram
from Dublin says that William H. K.
Redmond, member of parliament, speak-
ing at a Gorey County Wexford meet-
ing of the United Irish League, said
there never was a time when there was
a better chance than at present to
strike a blow for Ireland.

"Thanks to God," he said, "they had
lived to see the day when John Bull
had been caught by the throat by the
men in South Africa, who were giving
him the greatest whaling he ever got."

Mr. Redmond said he prayed that
God might strengthen the Boers until
they danced on John Bull's chest.

London, Dec. 10.—At the session of
the privy council King Edward de-
finitely fixed June 26, 1902, as the date
for his coronation. He also decided
that parliament would meet January
16.

Kitchener's Weekly Report.

London, Dec. 10.—Kitchener in dis-
patch dated December 9, reports the
result of the week's work is 31 Boers
killed, 17 wounded, 352 made prison-
ers, 35 surrendered and quantities of
supplies captured. By advancing the
line of block houses in the eastern part
of the Transvaal, Kitchener is able for
the first time to carry out systematic
and continuous operations in the vicin-
ity of Ermelo, Bethlehem and Carolina.
Columns have cleared the southeastern
districts of the Orange River Colony
and are now operating northward of
Thabanchu line. Boers are still in
force in the extreme west of Cape Col-
ony. They are commanded by Maritz,
who recently attacked Tontellbosch-
kop. The Boers were driven off and
Maritz severely wounded.

Kruger Enjoying Good Health.

New York, Dec. 10.—Commandant
D. Shyman, formerly in the staff of
General Dewet, recently visited Hol-
land and while there spent two days
with President Kruger and the envoys.
has returned to this city and reports
that President Kruger is enjoying bet-
ter health than at any time in the last
four years. Commandant Shyman
brings from President Kruger a mes-
sage of thanks to the friends of the
Boer cause. It has been definitely de-
cided that President Kruger will not
leave the United States.

DeWet Heard from Again.
New York, Dec. 10.—DeWet, who
was close to Heilbron, had come
to have come to Heilbron, and
Kitchener's fight with him was
making a night of it. DeWet was
believed to have been driven to Heilbron,
and was expected to be there.

THE TRUCK GROWERS.

Report of the Meeting held December 7.

A Large Attendance—Tomato Seed Ordered—Much Important Business Transacted.

Court House, Bryan, Dec. 7.—The Brazos County Truck Growers' Association was called to order at 10 a. m. by the president, J. A. D. Robinson.

Minutes of the last meeting were read and approved.

The association was honored by visitors from neighboring associations, as follows: Mr. F. W. Yeager, secretary of the Millican Truck Growers' Association; M. L. O. Andrews, editor of the Navasota Weekly Review and Daily Examiner, and secretary of the Navasota Truck Growers' Association; Mr. B. F. Salyer, a member of the Navasota association.

Under head of new business, the question of buying tomato seeds and Irish potatoes was taken up.

Mr. Hargrave, representing Hanna & Leonard, seedmen of Galveston, was present, and made a speech to the association about his company's business. The secretary read letters from Livingston Seed Co., and J. Steckler & Co., of New Orleans, quoting prices on their seeds. On motion a committee of five were appointed to take under advisement the matter of selecting a house to purchase tomato seeds from. McDuff Simpson, Mr. Brewington, W. W. Griffin, Jesse Henry and ——— were appointed.

While the committee were out the association listened to a talk by Mr. F. W. Yeager, of Millican, who was invited to address the meeting, giving his results of his

experience of about seven years at truck growing, and shipping to the various markets of the country. Mr. Yeager's talk was full of practical information. He favored planting beans, cucumbers, cantaloupes, corn, and perhaps a few other crops in addition to onions and tomatoes. He advocated planting in large acreage, sufficient to assure carload shipment of these crops, and that they be forced as much as possible to get them early. He read a great many bills rendered to him by houses to whom he has shipped in past years, showing excellent profits in many cases, from shipments by express. He has never had enough grown by his associations to ship in car lots, yet has made money. He said the advantages of car lot shipments, by fast freight in refrigerator cars, were very great indeed, and this association had only these things to fear, to-wit: that they might not raise enough stuff—raise it early enough—and pack it correctly, honestly, and place it right. There is no doubt about the demand for it, at paying prices. Mr. Yeager named a number of varieties of beans and other things that he had found good—named cucumbers, etc., and gave practical information about cultural methods. It will be the endeavor of the secretary to get Mr. Yeager's ideas laid before the members in printed form in short while.

A committee on fertilizers, consisting of Prof. Price, Prof. White, and Prof. Smith was appointed to examine quotations from different houses, submitted by the secretary. The results of their investigations may also be laid before the members in printed form. An effort is being made to get fertilizers laid down at Bryan in car lots for sale in quantities as desired by the growers, at cost and carriage. Notice will be published of the results of this effort, if successful.

The committee on purchase of seeds reported in favor of buying Burpee seeds, certified to be such, of new crop, to be bought of Hanna & Leonard, Galveston. Orders for seed were given by a large number of members. On the ques-

tion of Irish potatoes, the committee reported it impossible to get quotations for two weeks yet.

The secretary read letters from a canning factory company at Olive, Texas, quoting prices that canners pay for various products, as follows:

Olive, Texas, Nov. 25.—To W. P. Connelly, Sec'y, Bryan, Texas: We are duly in receipt of your favor of the 16th inst., and will gladly give you what little information we can. We have never had a full season's run since we have been established here, and on account of being unable to get sufficient vegetables raised for us. The prices we pay for canning truck are as follows:

Tomatoes, 25c per bushel.
String beans, 25c per bushel.
Okra, 35c per bushel.
June peas, \$1.00 per barrel in pod. You will have to pay more.
Corn, \$7.50 per ton in shuck.
Pears, 25c to 50c per bushel.
Peaches, 30c to 75c per bushel.

About the best place for you to buy your outfit is from E. F. Kirwan & Co., Baltimore, Md. These people will send you a catalogue with full instructions as to different size factories, etc., or you can select just such machinery as actually needed and can add to equipment later. We deal with them considerably, and they are very clever people. Wishing you success in the undertaking, we are, yours truly,
V. A. Petty,
President.

Many members of the association expressed their desire to get a cannery at Bryan, and many stated that they would like to plant for a cannery if one could be located.

The president appointed Prof. R.

CITY COUNCIL.

The city council met in regular session Monday afternoon, Mayor Mooring presiding, and all officers present except Alderman Tabor. Routine business was disposed of in the usual manner.

On motion, the hour of meeting was changed from 5 to 4 o'clock in the afternoon.

The H. & T. C. railroad was granted permission to put in a switch at the ice factory.

Salaries for the mayor and two aldermen to be elected in April will remain the same as at present.

The secretary was instructed to compile and furnish to the council a statement of the total expenses of the city for one year, and also the total taxable values of the city.

A motion prevailed authorizing Marshal Boyett to employ a mounted policeman every Saturday to aid in keeping the streets open, at \$2 per day.

The marshal was requested to strictly enforce the ordinance prohibiting trains from running rapidly within the city limits.

The marshal and street committee were authorized to put up hitching posts for the accommodation of the public.

Notice to Delinquent Tax Payers.

If your taxes have not been paid please call and settle the same at once and save further expense. I have been instructed by the city council to push these collections.

C. M. Spell,
City Secretary.

Andrews, editor of the Navasota Weekly Review and Daily Examiner, and secretary of the Navasota Truck Growers' Association; Mr. B. F. Salyer, a member of the Navasota association.

Under head of new business, the question of buying tomato seeds and Irish potatoes was taken up.

Mr. Hargrave, representing Hanna & Leonard, seedmen of Galveston, was present, and made a speech to the association about his company's business. The secretary read letters from Livingston Seed Co., and J. Steckler & Co., of New Orleans, quoting prices on their seeds. On motion a committee of five were appointed to take under advisement the matter of selecting a house to purchase tomato seeds from. McDuff Simpson, Mr. Brewington, W. W. Griffin, Jesse Henry and — were appointed.

While the committee were out the association listened to a talk by Mr. F. W. Yeager, of Millican, who was invited to address the meeting, giving his results of his

experience of about seven years at truck growing, and shipping to the various markets of the country. Mr. Yeager's talk was full of practical information. He favored planting beans, cucumbers, cantaloupes, corn, and perhaps a few other crops in addition to onions and tomatoes. He advocated planting in large acreage, sufficient to assure carload shipment of these crops, and that they be forced as much as possible to get them early. He read a great many bills rendered to him by houses to whom he has shipped in past years, showing excellent profits in many cases, from shipments by express. He has never had enough grown by his associations to ship in car lots, yet has made money. He said the advantages of car lot shipments, by fast freight in refrigerator cars, were very great indeed, and this association had only these things to fear, to-wit: that they might not raise enough stuff—raise it early enough—and pack it correctly, honestly, and place it right. There is no doubt about the demand for it, at paying prices. Mr. Yeager named a number of varieties of beans and other things that he had found good—named cucumbers, etc., and gave practical information about cultural methods. It will be the endeavor of the secretary to get Mr. Yeager's ideas laid before the members in printed form in short while.

A committee on fertilizers, consisting of Prof. Price, Prof. White, and Prof. Smith was appointed to examine quotations from different houses, submitted by the secretary. The results of their investigations may also be laid before the members in printed form. An effort is being made to get fertilizers laid down at Bryan in car lots for sale in quantities as desired by the growers, at cost and carriage. Notice will be published of the results of this effort, if successful.

The committee on purchase of seeds reported in favor of buying Burpee seeds, certified to be such, of new crop, to be bought of Hanna & Leonard, Galveston. Orders for seed were given by a large number of members. On the ques-

tion of Irish potatoes, the committee reported it impossible to get quotations for two weeks yet.

The secretary read letters from a canning factory company at Olive, Texas, quoting prices that canners pay for various products, as follows:

Olive, Texas, Nov. 25.—To W. P. Connelly, Sec'y, Bryan, Texas: We are duly in receipt of your favor of the 16th inst., and will gladly give you what little information we can. We have never had a full season's run since we have been established here, and on account of being unable to get sufficient vegetables raised for us. The prices we pay for canning truck are as follows:

Tomatoes, 25c per bushel.
String beans, 25c per bushel.
Okra, 35c per bushel.
June peas, \$1.00 per barrel in pod. You will have to pay more.
Corn, \$7.50 per ton in shuck.
Peas, 25c to 50c per bushel.
Peaches, 30c to 75c per bushel.

About the best place for you to buy your outfit is from E. F. Kirwan & Co., Baltimore, Md. These people will send you a catalogue with full instructions as to different size factories, etc., or you can select just such machinery as actually needed and can add to equipment later. We deal with them considerably, and they are very clever people. Wishing you success in the undertaking, we are, yours truly,
V. A. Petty,
President.

Many members of the association expressed their desire to get a cannery at Bryan, and many stated that they would like to plant for a cannery if one could be located.

The president appointed Prof. R.

CITY COUNCIL.

The city council met in regular session Monday afternoon, Mayor Mooring presiding, and all officers present except Alderman Tabor. Routine business was disposed of in the usual manner.

On motion, the hour of meeting was changed from 5 to 4 o'clock in the afternoon.

The H. & T. C. railroad was granted permission to put in a switch at the ice factory.

Salaries for the mayor and two aldermen to be elected in April will remain the same as at present.

The secretary was instructed to compile and furnish to the council a statement of the total expenses of the city for one year, and also the total taxable values of the city.

A motion prevailed authorizing Marshal Boyett to employ a mounted policeman every Saturday to aid in keeping the streets open, at \$2 per day.

The marshal was requested to strictly enforce the ordinance prohibiting trains from running rapidly within the city limits.

The marshal and street committee were authorized to put up hitching posts for the accommodation of the public.

Notice to Delinquent Tax Payers.

If your taxes have not been paid please call and settle the same at once and save further expense. I have been instructed by the city council to push these collections.

C. M. Spell,
City Secretary.

A Fair Without Fakirs.

A correspondent of the Eagle sends the following clipping and asks if this is a type of the Central Texas fair:

The carnival left a dark brown taste in the mouth of Corpus Christi. The attendance was not nearly what had been hoped for, and three quarters of the visitors were grafters, sure thing gamblers and other fakirs who came to get any sort of money in any sort of way. The K. of P. committee announced that its share of the revenues of all the shows, games and privileges, amounted to about \$600. This will nearly, if not quite, pay the expenses. Not less than \$3000 were spent by the victims of the side-shows and associated grafts. This was practically all Corpus Christi money, and benefitted very few citizens of the town. We now know that a "street fair" is a sort of insane hullabaloo which is intended to be attractive to a rural population that comes in to get bumped. Where the rural population of a neighborhood is as intelligent as is the rural population of Nueces county, the "street fair" is not a workable scheme. The one good result of the Corpus Christi "street fair" is the creation of a widespread sentiment in favor of a genuine exposition of the country's products, to be held at some seasonable time, and without the aid of "attractions" which are indistinguishable in a newspaper circulated through the United States mails. There are many reasons why a Nueces County Fair Association should be formed, and many benefits to be derived from an annual fair to be held "When the Springtime Comes, Gentle Annie."—Corpus Crony.

We are glad to say that this is not a type of the Central Texas fair. On the contrary, the Central Texas fair was held on grounds away from the streets of the town, and fakirs were not allowed inside the enclosure, and there was little or no drunkenness on the grounds. There were no bookmakers allowed to place bets on the races, and gambling was held down to a minimum. Ministers of the various denominations in Bryan and the surrounding country appeared on the grand stand along with other people, there being nothing grossly immoral to prevent the attendance of such men.

These features will help the fair in future, if maintained. Ministers and other leaders of morality will not discourage people from attendance, but on the other hand will encourage people to attend for the benefits to be derived from a helpful affair of the kind, without demoralizing features.

AN EVENTFUL VOYAGE.

Schooner Ralph Long's Water Supply Gave Out at Sea

Port Townsend, Wash., Dec. 10.—Schooner Ralph J. Long 47 days from Cape Nome, with 90 passengers and 15 stowaways, has arrived here after one of the most eventful voyages of any vessel sailing from the north. Leaving Nome October 13 with provisions enough to last her to Dutch Harbor under favorable circumstances, before reaching that water the supply gave out, and for two days the passengers were without water. From the time of sailing from Dutch Harbor, long-experienced and continual gales of unusual severity, the worst being on November 11, when seas swept the vessel from stem to stern, carrying away a portion of her water supply and one life-boat. Mate Hanson was washed overboard by an immense sea and drowned. The last two weeks of the trip the passengers had to depend on what rain they could catch for water supply.

Declared No Fight.

Newcastle on Tyne, Dec. 10.—Charlie McKeever of Philadelphia and Jack Palmer met here Monday night in what was to have been a 15-round bout. McKeever, however, was unable to fight, and the bout was abandoned.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has
been branded by the most compe-
tent authorities. They have dis-
sipated the silly notion that one kind
of food is needed for brain, another
for muscles, and still another for
bones. A correct diet will not only
nourish a particular part of the body,
but it will sustain every other part.
Yet, however good your food may be,
its nutriment is destroyed by in-
digestion or dyspepsia. You must

SERIOUS AFFRAY.

**Attempted Arrests at Seranton Cause
Fights and Several Wounded.**
Sranton, Pa., Dec. 10.—The most se-
rious of the many riots which have oc-
curred here during the street car strike
happened late Monday. Special Officer
Frank Schofield, accompanied by De-
tective Cosgrove, whose head was cut
in Sunday night's riot, went to the
scene to comprehend any one the de-
tective might be able to identify as
having been among his assailants.
They attempted to arrest a man in a
saloon, but no sooner was the warrant
shown than a crowd of miners attacked
them with drills, clubs and bottles.
They retreated backwards, protecting
themselves with drawn revolvers, when
some one fired two shots. The officers
and a non-union motorman who ac-
companied them emptied their re-
volvers at the mob and then ran. The
mob kept up a steady fire from places
of concealment.
Three members of the mob were
shot, but their wounds are not serious.
Schofield is a striking conductor.
He is serving as a special officer in
Magistrate Miller's court to fill in time
until the strike shall be settled.

THEY ARE STILL ALIVE.

**Miss Stone and Her Companion Heard
from Once More.**
Sofia, Bulgaria, Dec. 10.—According
to information received from Salonica,
Miss Ellen Stone and Mme. Tsilka,
her companion, are concealed in the
vicinity of Rilto, about five miles south
of Dubnitza, in Bulgarian territory.
The news was brought by a Macedo-
nian, who left there Dec. 1 and who
furnished precise information regard-
ing the hiding places and the names
of the agents supplying food for the
brigands and their captives.
It is understood that the informa-
tion is considered reliable enough to
justify the American officials in Tur-
key dispatching emissaries to treat
with the bandits and that application

PATRICK'S CASE.

**Attempt Made to Release Him on Being
Illegally Detained.**
New York, Dec. 10.—A writ of ha-
beas corpus for the production of Al-
bert T. Patrick, in the supreme court
had been issued. The petition on
which the writ was granted recites
that Patrick, who is accused of the
murder of Wm. Marsh Rice, formerly
of Texas, on Sept. 19, 1900, is illegally
detained, not by virtue of the final
judgment of any competent tribunal
and that he has been in jail now for
four months in defiance of his con-
stitutional rights to a speedy trial.
It is stated in the petition that the
original charge against him was for-
gery and bail was fixed at a very high
figure, that Patrick offered the se-
curity required and that then the dis-
trict attorney had the charge changed
to murder.

Special Guards at the Jail.

Frankfort, Ky., Dec. 10.—County
Judge Moore has issued orders placing
guards on duty at the county jail here
for the better protection of the pris-
oners, Caleb Powers and Berry and Jim
Howard. The order was the result of
a controversy between the judge and
County Jailor Lawrence over the tak-
ing of two of these prisoners from the
jail recently to the jailer's residence
to take dinner and meet some friends.
The jail will be constantly guarded un-
til after the January term of the
Frankling circuit court, at which time
Jim Howard is to be tried.

Nine Held for Murder.

Montgomery, Ala., Dec. 10.—Nine of
the negroes charged with the shooting
of J. W. Dorsey and Town Marshal
Atkinson at Opp, Wednesday were
committed to jail without bail at An-
dulsia on preliminary hearings. Six-
teen other negroes were discharged.
The troops have been withdrawn from
Andalusia and the situation there is
quiet.

Cotton Cloth for China.

Tupelo, Miss., Dec. 10.—The Tupelo
cotton mills, recently established, has
received an order for 100,000 yards of
cotton cloth, to be shipped to China
and the order will be turned out with-
in the next 30 days. So far as known
this is the first order for China market
that has ever been received by a cot-
ton mill in Mississippi.

Attorney Carter Ordered Removed.

Pauls Valley, I. T., Dec. 10.—Dorset
Carter, the attorney and president of
the Red Fork Oil company, will be re-
moved from the Indian Territory by
order of Judge Townsend having held
in an opinion delivered here, that the
court has no right to interfere with
the acts of the interior department in
this matter.

Railway Workman Hurt.

Peru, Ind., Dec. 10.—A box car load-
ed with workmen ahead of an engine
of a construction train on the Cincin-
nati Richmond and Munice railway
jumped the track two miles east of this
city Monday and rolled down a fifteen
foot embankment, resulting in the fa-
tal injury to one man, serious injuries
to two and minor injuries to 20.

Ferguson Assumes Office.

Guthrie, O. T., Dec. 10.—Thomas B.

office of governor of Oklahoma. Gov.
Ferguson made no speech and vouch-
safed no promises. It is said all the
members of the Jenkins administration
were removed at once.
